CHAMPS and DMS Spanish Language for Health Care Professionals

Dates and Times: Friday, April 20-Monday, April 23, 2012; 8:00 a.m.-5:00 p.m. each day.

Course Description: This four-day course targeted for **physicians, PAs, NPs, nurses, medical assistants, dentists, pharmacists, behavioral health providers and other clinical personnel** is an intensive, conversational and medical Spanish workshop consisting of medical dialogues, role-plays, visual aids, cross-cultural discussions, "edutainment", daily practice, and evening study. The course curriculum provides an experience of immersion learning, an approach that has proven to be extremely suitable for those with limited time, and who must use their new language skills immediately with their Spanish-speaking patients.

Ríos Associates teaches skill levels from beginner to advanced. Two skill levels will be offered during this training, with separate classes for each level. The skill levels offered at this training will be determined based on the results of the participants' completed self-assessment forms. Therefore, training may be offered at the beginner, intermediate, or advanced level(s), depending on the needs of the participants. If it is not possible to offer the needed skill level for an individual, full tuition will be refunded.

Course Objectives: Participants who complete the course will:

1. Acquire/strengthen ability to interview patients in Spanish, take a medical history, conduct a physical exam, give prescriptions and follow-up instructions, and intervene with medical emergencies.
2. Be exposed to a Spanish vocabulary of at least 1,500 general and medical words.
3. Develop a good flow of speech in present, future, and past tenses, and command forms.
4. Develop an awareness of differences in attitudes between Latinos and other Americans concerning time, space, clothing, foods, health, and medical care.
5. Develop skills to continue language acquisition through daily practice and experience.
6. Intermediate students will be able to do all of the above using more idioms, complex tenses and moods (conditional, present and past progressive, present and past perfect tenses plus subjunctive mood and its tenses).

Course Instructors: Ríos Associates has been successfully presenting intensive medical language and cultural workshops throughout the United States since 1983.

Course Fees: The registration fee is \$499 for CHAMPS and/or DMS Members and \$599 for Non-Members.

- **The registration fee includes four days of Spanish language instruction, course book, CME, and snacks.** CDs that accompany the course book may be purchased for \$55 (discounted from \$135). The CDs are not a requirement of the course but may be purchased at the training for additional self study.
- Full payment of the registration fee is due in advance. **Refunds will not be provided, however, if necessary, another individual may substitute for a registered participant.**
- Payment should be made in the form of a check made **payable to Rios Associates and sent to CHAMPS along with the registration and self-assessment forms.**

Course Location: The training will be held at the DMS offices at 1850 Williams Street, Denver, Colorado, 80218; approximately two miles from downtown Denver.

Lodging: Lodging options are available near the training site and listed on page 5 of this document. Participants will be responsible for reservations and payments of lodging.

Parking: Free parking is available at the training site.

CME: Continuing medical education (CME) is available as follows:

- 45 prescribed hours by the *American Academy of Family Physicians (AAFP)*
- 42.5 hours of Category 1 CME from the *American College of Emergency Physicians*
- 45 contact hours of continuing education by the *American Academy of Nurse Practitioners*
- 43 hours of Category 1 CME from the *American Medical Association*.
